

OFFICE OF THE DIRECTOR

Approved For Release 2004/03/16 : CIA-RDP80M00165A002500040031-0

Date: 7 December 1977

TO: Mr. Bowie, D/NFAC

FROM: Doris G., Secretary to DCI

SUBJECT: Telephone Call from Richard Burt,
The New York Times

REMARKS:

Mr. Burt (tel: 293-3100) called this morning and identified himself as an old acquaintance of the DCI. He said he is working on the question of intelligence tasking priorities, with special reference to satellites. He was told by the "public affairs people" that it would be difficult to discuss this with him. Mr. Burt said he does plan to pursue this and is thus asking the DCI to help him by suggesting someone he could talk to on this subject.

When I told him the DCI was out of town but I would see that he received the message on his return, he asked that I get his message to Mr. Bowie.

Doris
